

We are now hiring an external service provider for Training Coordination

Project: Capacity building to the Mongolian vegetable tanned yak leather cluster on bio-leather and bio-leather products(SWITCH/2021/428-657)

Responsibilities will include:

- Coordination, supervision and development of training contents for a European project in Mongolia related to the improvement of vegetable tanning processes for yak leather
- A one-week training mission in Mongolia

What we ask:

- Proven previous experience in leather manufacturing, from the procurement of raw materials to the production of the final product
- Fluency in spoken and written English
- Availability for travelling

Assets:

- Specific knowledge of vegetable-tanning processes for yak hides, and peculiarities of the Mongolian yak leather sector

● If you would like to apply, send your CV to internacional@inescop.es

Project co-funded by the European Union under the **Switch-Asia Grants Programme**
